Mission Statement

As a globally recognized leader on technology law, policy, and strategy, I apply systems thinking and adaptive leadership to design solutions for significant technology challenges while cultivating high-functioning teams. I seek to build trusted relationships with organizations and stakeholders to develop practical applications of a principled approach to secure and trustworthy technologies.

Relevant Experience

WORLD ECONOMIC FORUM

New York, NY

2017-Present Head of Governance & Trust

- Provide leadership and vision for a geographically distributed team, in a highly matrixed organization, leading global projects in support of public-private cooperation to improve strategy and policy relating to cybersecurity, cybercrime, and digital trust.
- Engage, influence, and partner with CEOs, board directors, senior executive business leaders, government officials, trade associations, and experts regarding long-term, large-scale solutions to complex technological, legal, and policy challenges.
- Build and maintain partnerships with key private sector companies, industry bodies, and governments; as a founding leader of the Centre for Cybersecurity, engage in business development and fundraising.
- Develop thought leadership and act as WEF spokesperson on cybersecurity and digital trust on technology law, strategy, and policy at the United Nations, European Parliament, World Economic Forum (Davos), RSA Conference, and other international meetings and events.

WORLD ECONOMIC FORUM

New York, NY
